

## Initial Certified Evaluation Training

2018-2019 School Year

The Kentucky Department of Education (KDE) is the official provider for the 2018-19 Initial Certified Evaluation Training for administrators newly assigned the role of evaluator of certified personnel, as required by KRS 156.557 and 704 KAR 3:370. This two-day learning experience is designed to promote the evaluation process as a vehicle to positively impact teacher effectiveness and student learning.

Each year KDE's Principal Partnership Project Leadership Development Specialists will refine and update the training to reflect current research-based best practices and the most recent legislation that impacts the process. The two-day training, including the assessment, is required **for all new evaluators of certified personnel below the level of superintendent** before completing the summative process.

In order to lift the financial burden from local districts, there is **no fee** to participate in the required training and EILA credit will be awarded. Training sites are located across the state with registration limited to *50 participants per site*, in most cases.
